

# Syed Amanat Ali

Software Engineer with hands-on experience in Full-Stack development using React.js/Next.js and backend technologies like Node.js, Express.js, MongoDB, and SQL. Currently focusing on Python with foundational knowledge in machine learning, having built models for data-driven solutions. Successfully contributed to dynamic web applications by developing responsive and visually engaging interfaces.

## Relevant Experience

### Software Engineer, [CodeUpScale](#)

Jan 2023 — Jun 2025

- Write modern, performant, maintainable code for a diverse array of client and internal projects
- Work with a variety of different languages, platforms, frameworks, and content management systems such as JavaScript, TypeScript, Gatsby, React, Craft, WordPress, Prismic, and Netlify
- Provide leadership within engineering department...
- Communicate with multi-disciplinary teams of engineers, designers, producers, and clients on a daily basis

### Frontend Developer, [Devsinc](#)

Jan 2021 — Dec 2023

- Developed and maintained responsive, user-friendly web interfaces using React.js, JavaScript (ES6), and Tailwind CSS, improving page load speed by 30%.
- Collaborated with designers and backend engineers to implement pixel-perfect UI components and ensure seamless API integration.
- Optimized website performance through code splitting, lazy loading, and browser caching, resulting in a 25% boost in Lighthouse performance scores.
- Implemented cross-browser compatibility and mobile-first designs, enhancing user experience across multiple devices and screen sizes.

### MERN Stack Intern, [SkyElectric](#)

Jan 2020 - Dec 2020

- Collaborated with other student designers...
- Built and delivered technical solutions...

## Skills

### Programming Languages

TypeScript, JavaScript, Python, HTML, CSS, Sass

### Libraries & Frameworks

React, Next.js, Node Js, React Native, Tailwind Css, Django, Vue Js

### Tools & Platforms

Git, GitHub, Netlify, Vercel, Heroku

## Selected Projects

### Realtime Code Editor

Code Editor that allows collaborations.

### Doctor Appointment Web App

Enables patients to select, consult and make appointments with doctors.

### Realtime Voice Chat

Realtime voice communication with features to make private and public rooms.

## Education

Comsats University

Bachelor of Science in Computer Science.

## Interests

Climbing, Problem Solving, Science fiction novels, Web accessibility
